

Forward Looking Statements

WEED, Inc. (OTCQB: BUDZ) is publicly traded on the OTCMarkets(.com), a fully reporting, PCAOB audited, Sarbanes-Oxley compliant corporation. This presentation contains forecasts, projections, goals, plans, and other forward looking statements regarding the Company's financial requirements and other data. Such forward looking statements are based on the Company's assumptions, estimates, outlook, and other judgments made in light of the information available at the time of preparation of such statements and involve both known and unknown risks and uncertainties. This presentation contains forecasts, projections, goals, plans, and other forward looking statements. Such forward looking statements are based on the Company's assumptions, estimates, outlook, and other judgments made in light of the information available at the time of preparation of such statements and involve both known and unknown risks and uncertainties. The forward looking information in this Presentation is based on our opinions, estimates and assumptions in light of our experience and perception of historical trends, current conditions, and expected future developments, as well as other factors that we believe are appropriate and reasonable in the circumstances as at the date hereof. Accordingly, plans, goals, and other statements may not be realized as described, and actual financial results, success/failure or progress of development, and other projections may differ materially from those presented herein. We have made assumptions with respect to the expected legalization of cannabis, the growth of our business and expansion into new markets, the development of new products and product formats for our cannabis-based wellness products, and the potential changes in the laws, rules and regulations with regard to the worldwide medical cannabis and hemp industry. The purpose of forward looking information is to provide the reader with a description of expectations, and such statements may not be appropriate for any other purpose. Readers should not place undue reliance on forward looking information. Although the Company believes that the expectations reflected in statements containing forward looking information are reasonable, it can give no assurance that such expectations will prove to be correct.

Global Cannabis Market Poised for Rapid Growth

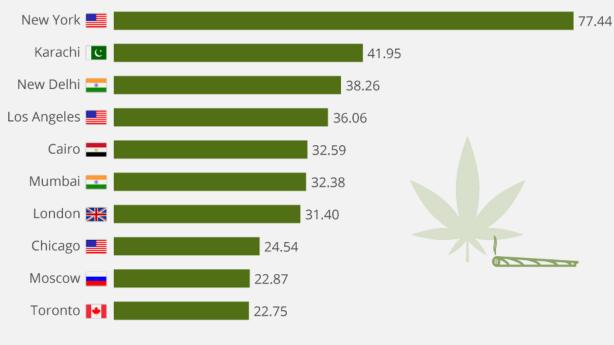

Our Focus

To date, most North American based cannabis companies are focused on the Canadian and U.S. markets. However, research indicates cannabis consumption should be measured on an international scale. Unlike its competitors, WEED, Inc. along with its subsidiaries intends to address the international cannabis market leveraging science, legalization, consumption and cultivation on a global scale.

The Cities With The Highest Consumption of Cannabis

Total level of cannabis consumption in 2018 (metric tons)

StatistaCharts Source: ABCD 2018 Cannabis Price Index

Strategy:

A Global Holding Company Focused on Cannabis and Hemp

Develop, acquire and control the intellectual properties of patents, trademarks, copyrights, licenses, and cannabis-based products and services

Develop cannabis-derived compounds by perfecting strain specific, disease-specific treatments, therapies and hopeful cures for both humans and animals

Leverage and utilize proprietary R&D data and clinical trials led by WEED, Inc. and its international subsidiaries

Create recognized consumer and consumer health cannabis brands with international distribution channels with extensive positions education

Design, develop and oversee clinical trials, protocols and procedures to become the driving force in defining the gold standard for medical cannabis research

Building A Stable Foundation

WEED, Inc. continues to retrofit Sangre Biosciences lab located in a 10,000 sq ft. building on WEED's 4 acre property in La Veta, Colorado while simultaneously remodeling a 2nd building at the same location for analytics and concentrate manufacturing

WEED Inc.'s sister property in Cuchara, Colorado- 5 miles from the La Veta property has a 6,000 sq ft. 3 story hilltop mansion on 36 acres used to house visiting PhD's and executives

WEED, Inc. continues to collaborate with Dr. Elka Touitou, an internationally renowned authority in the field of drug delivery and design of new technologies for efficient administration of drugs and development of new products

The company continues to build out their portfolio of trademarks through a number of trademark registrations and publications. Below is a partial list of trademark registrations acquired by WEED, Inc. thus far:

Trademark	Jurisdiction	Registration No.	International Class(es)
PANAMA RED	Mexico	1990538	31
WEED RULES!	Mexico	1990537	5
WEED	United Kingdom	3369090	9, 16, 44
ACAPULCO GOLD	United Kingdom	3369099	3, 9, 16, 35, 41, 44
PANAMA RED	United Kingdom	3369080	9, 31, 41, 44

Targeted Assets

Dedicated seed bank, nursery and high-tech genomics laboratory using the latest high-speed gene compiling techniques to identify genetic markers in specific strains that show effect in the treatment of specific diseases and conditions.

Professor Elka Touitou's Patents at the Yissum Research Development Company of the Hebrew University of Jerusalem consisting of the following:

- Oral dosage form for immediate and prolonged action of cannabinoids
- Novel transdermal delivery method for cannabinoids
- Novel nasal delivery of cannabinoid formulations
- New nasal delivery platform for disease treatment

1,748 Acres

1,748 acre Thorne Ranch in Huerfano County, Colorado with water rights and 2 miles of Huerfano River frontage for outdoor and greenhouse cultivation (under contract)*

WEED Australia Ltd.

WEED Australia Ltd.'s corporate strategy is to become a leader in cannabis and hemp research and development. To support this goal WEED Australia Ltd. has assembled a highly qualified team of well-respected Ph.D.'s, scientists, researchers and business experts with the goal of establishing a domestic and export industry.

WEED Israel Cannabis Ltd.

WEED, Inc. intends to enter into an exclusive license and assignment agreement with Yissum Research Development Company of the Hebrew University of Jerusalem Ltd., Israel. The agreement is for five patents, technology and know-how relating to formulations for the administration and delivery of cannabinoid compounds. These patents were developed by Prof. Elka Touitou at the Hebrew University of Ierusalem, WEED Israel Cannabis Ltd. is currently obtaining licenses to grow, cultivate, process, extract, and manufacture cannabis derived products for the Israeli domestic and broader international markets

Sangre BioSciences

Sangre BioSciences is currently in the process of conducting a comprehensive Cannabis Genome Study to complete a global genomic classification of the cannabis plant genus. Sangre BioSciences is focused on a genomics-based cannabis breeding program that will produce new, genetically enhanced strains of cannabis that express the desired plant characteristics for strain specific and disease specific treatments and therapies for both humans and animals.

WEED Hong Kong Limited

WEED Hong Kong Limited is a special purpose holding company for the development of the company's patents, trademarks, copyrights and intellectual property for the company and brands of WEED Inc. on a global basis. Glenn E Martin, Director, President, CEO. Nicole Marie Breen, Director and company Treasurer. Ed Lehman, of Lehman, Le and Xu Corporate Services Limited, is appointed the corporate secretary. Registered office: Lehman, Lee and Xu. Suite 3313, Tower One, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong.

Non-Profit Subsidiaries

The Cannabis Institute of Australia (C.I.A.)

The Cannabis Institute of Australia, a wholly owned non-profit division of WEED Australia Ltd., was formed with the goal of creating a Scientific Advisory Council to establish national protocols and procedures backed by scientific research. With its network of PhD's and doctors across Australia, The Cannabis Institute of Australia hopes to perfect strain specific, disease-specific treatments, therapies and products for both humans and animals with a special focus on the opioid crisis. Educating Australian MD's & naturopathic doctors about the value of cannabinoid research, products and treatments is key to implementing national medical cannabis and treatment programs.

HEMP BioSciences of Arizona (May Apply for Non-profit status)

HEMP BioSciences of Arizona was established in 2021 by WEED, Inc. to research and study the hemp plant, both industrial and CBD strains, to create forward ooking cultivation techniques and to find new methods of extracting cannabinoid compounds for use in medical applications. HEMP BioSciences of Arizona will be the non-profit arm of WEED, Inc.'s American domestic operation with the goal of advancing the scientific mission of the company.

Global Growth Measures

Management Team

Glenn E. Martin Co-founder and CEO

Glenn E. Martin is co-founder and CEO of WEED, Inc., established in September 2014. As an expert in all facets of the cannabis industry, Mr. Martin has built WEED, Inc. into a multi-national, multi-faceted, vertically integrated world-class cannabis organization.

Mr. Martin served as President and Chairman of United Mines Inc. from 2005 to November 2014 which re-domesticated from Arizona to Nevada in 2014, changing its core business and name and symbol to WEED, Inc. (BUDZ).

From 1992 to 2000, Mr. Martin established a large network marketing company in the telecom prepaid phone card space with his team and sold over \$1.5 million in prepaid phone card products in an emerging U.S. market from 1994 to 1996. From 1988 to 1992, Mr. Martin served as the Executive Director of World Trade Center, Tucson, where he oversaw day-to-day operations, including projects, programs, and seminars for the U.S. Department of Commerce (D.O.C.) associate office.

Nicole Marie Breen Co-founder and Corporate Secretary

Nicole M. Breen is a Co-founder of WEED, Inc. and has been its Corporate Secretary, Treasurer and administrator since September 30, 2014. Ms. Breen served as Treasurer and Secretary for United Mines, Inc. from January 2005 to present. Since June 2000, Ms. Breen served as the CEO of GEM Management Group, LLC. She was a director for United Mines Inc. from 2005 to 2014 and a dual degree graduate of the University of Arizona.

Patrick Brodnik, Managing Director WEED Australia Ltd.

Patrick Brodnik is Managing Director of WEED Australia Ltd and Co-Managing Director of the Cannabis Institute of Australia. Patrick has 5 solid years working in all facets of the medical cannabis industry. Patrick has assembled an experienced team to build out our Australian operations and is working very closely with large pharmaceutical companies to provide novel and improved cannabis-based treatment solutions.

Elliot Kwestel, Director WEED Israel (Cannabis) Ltd.

Elliot Kwestel is Director and Corporate Secretary of WEED Israel (Cannabis) Ltd. Elliot holds a Bachelor's degree in Computer Science from Yeshiva University and an MBA in Organizational Behavior from Ono Academic College. He is a former software engineer and has 15+ years of experience in the areas of technology and finance.
