FOR IMMEDIATE RELEASE

Takeuchi-US Names EquipmentShare Columbia Authorized Equipment Dealer for Mid-Missouri

Columbia, Mo. — [EquipmentShare](#), the nationwide construction equipment and technology solutions provider, has been appointed as a **new dealer for Takeuchi-US**, an innovative global leader in compact construction equipment. EquipmentShare in Columbia, Mo., sells a full range of Takeuchi track loaders, wheel loaders and excavators, in addition to offering full Takeuchi-certified service and parts sales.

To commemorate the opening of the Takeuchi dealership, EquipmentShare will host an outdoor **open house event at 8430 Interstate 70 Drive SE in Columbia, Mo., from Thursday, August 20, to Saturday, August 22, 2020**. Mid-Missouri customers are invited to attend this open house to learn about EquipmentShare's Takeuchi service offerings and take advantage of service discounts and equipment purchase promotions. Takeuchi representatives will be available for product demos.

Takeuchi has been a pioneer in the compact equipment industry since 1971, when the brand developed the world's first compact excavator. Since then, Takeuchi has provided innovative products to meet the needs of the modern contractor, and their dealership and service network spans across North America.

“Takeuchi products continue to gain momentum in the market, and customers have come to love their products for their durability and operator comfort,” said Jabbok Schlacks, CEO at EquipmentShare. “We are excited to feature them at our Columbia location.”

“EquipmentShare was founded by industry veterans that have decades of experience,” said Henry Lawson, director of sales at Takeuchi-US. “We are extremely confident they will do a great job for Takeuchi, not only with our products but also supporting our customers in Columbia. We are excited to work with EquipmentShare and fully believe our products will do well.”

EquipmentShare Columbia is also an authorized dealership location for [Link-Belt](#) equipment. Link-Belt representatives will be present at the open house event for machine demos. EquipmentShare Columbia carries Link-Belt excavators, scrap and material handling equipment and various work tools and attachments.

Presently, EquipmentShare provides [equipment rental services](#) from 58 rental yards in 25 states. EquipmentShare rental yards provide full service and maintenance backed by [Track](#), EquipmentShare’s telematics solution. EquipmentShare has contracted [dealership locations](#) across the United States and offers parts sales and full service and maintenance. EquipmentShare is dedicated to helping contractors and heavy equipment owners increase the utilization of their assets and connect their employees, assets and materials through the use of construction technology solutions and a suite of contractor-focused services.
